Aim and Scope

The Bulletin of Tokyo Dental College is principally for the publication of original contributions to multidisciplinary research in dentistry. It encompasses the fields of both **basic and clinical dentistry, dental education, social aspects of dentistry, and general medicine where such is potentially related to patients at dental clinics**. Original articles, review articles, short communications, clinical reports, case reports, or dental education-related reports will be accepted. All submissions are subject to peer review. This periodical is issued quarterly, in February, May, August and November.
